

## **TALKS BY DRILS FACULTY BY INVITATION**

### **Prof. Manojit Pal**

- "Green chemistry and our efforts: synthesis of quinolines" presented at TEQIP-III SPONSORED WORKSHOP ON "Recent Trends in Chemical Science and its Industrial and Biological Relevance" February 14-18, 2018, Department of Chemistry, National Institute of Technology, Rourkela, Odisha, India
- "Targeting densely functionalized indole derivatives" presented at Andhra Pradesh Science Congress (APSC-2018), 9-11 November, 2018, Yogi Vemana University, Kadapa, Andhra Pradesh, India
- "DPP-4 inhibitors" presented at AICTE sponsored Quality Improvement Program on "Tools and Techniques for Drug Design and Formulation Development" 08 - 22 November 2018, Manipal College of Pharmaceutical Sciences, Manipal, India
- "PDE-4 inhibitors" presented at AICTE sponsored Quality Improvement Program on "Tools and Techniques for Drug Design and Formulation Development" 08 - 22 November 2018, Manipal College of Pharmaceutical Sciences, Manipal, India
- "Targeting highly functionalized indole derivatives" presented at "6th INDIGO research conference " 25-27 November 2018 Organize at Dr. Reddy's Laboratories, Hyderabad, Telangana State, India
- "Pathways in Chemistry - Panel Discussion" American Chemical Society's Career Panel, 7th February, 2019 at Auditorium in CSIR-Indian Institute of Chemical Technology, Tarnaka, Hyderabad, India
- "Toxicity in Drug Discovery" presented at National Workshop on "In silico toxicity prediction in Drug discovery" 28th March 2019, Department of Chemistry, St.Pious X Degree and PG College for Women, Hyderabad, India
- "Targeting bioactive indole derivatives: use of analytical techniques" presented at AICTE-Sponsored Quality Improvement Programme Schedule on "Drug Discovery and Analytical Techniques : An update in Education and Research": 16th November, 2019, Manipal College of Pharmaceutical Sciences, Manipal, India

- “Toxicity in Drug Discovery: role of analytical techniques” presented at AICTE-Sponsored Quality Improvement Programme Schedule on “Drug Discovery and Analytical Techniques : An update in Education and Research”: 16th November, 2019, Manipal College of Pharmaceutical Sciences, Manipal, India

### **Dr. Aarti Sevilimedu**

- Refresher Course for College teachers conducted by University of Hyderabad, on "Recent advances in Cell and Molecular Biology". Topic: RNA mediated Gene regulation. March 5, 2019
- Invited speaker at the International Conference of Yeast and Filamentous Fungi, 2019 held at University of Hyderabad (Hyderabad). Topic: RNA mediated regulation of Heterochromatin in *S.pombe*. 27th November, 2019

### **Prof. Parimal Misra**

- Ranbaxy Science Foundation Round Table Conference; Topic: Early Detection of Diabetes and Preventive Measures, April 12, 2014, New Delhi.
- National Conference on: Diabetes and its complication: Search for Prevention and Cure, Sep 6-7, 2013, Nirma University, Ahmedabad.
- International Conference: 17th Transcription Assembly Meeting, JNCASR, Bangalore, 17-18th March, 2014.
- Symposium on Using High Quality Rodent Disease Models in Pharma R7D: 11th June, 2014, Hyderabad. Organizers: In vivo Biotech and Taconic.

### **Dr. Kiranam Chatti**

- Indo-German Science and Technology Centre Workshop, Topic: Advances in Medical Technology towards current Healthcare Necessities, 5-7 March 2014, Manipal Institute of Technology, Manipal.
- Functional Assays and High-throughput screens, BioAsia 2014 Drug Discovery Conference Track, February 18, 2014, Hyderabad.
